## Work Experience

### Gateway Collaborative Media - North Adams, MA Community Coordinator

Coordinated and supported studio television productions, including crew assignments, equipment preparation, studio setup, and technical troubleshooting. Developed and taught a hands-on Studio Production course covering cameras, audio, graphics, teleprompter, switching, control room operations, and crew positions. Produced In Focus, a studio interview program featuring nonprofit and community organizations, and served in production roles including Technical Director, camera, audio, and floor management.

### Alliance for Community Media - McLean, VA

#### Board of Directors – Northeast Regional Board Member

Participated in community-media leadership and organizational planning, with a focus on accessibility, participation, and community engagement. Served as Secretary of the Inclusion, Equity and Engagement Caucus, coordinating meetings, preparing documentation, and maintaining records for stakeholders.

### Arlington Independent Media - Arlington, VA

#### Training Department Manager

Managed training operations and instructional staff, including volunteer and intern assignments and member support. Developed and taught hands-on studio television production courses covering studio cameras, audio, lighting, control room operations, and production workflows. Assisted members and volunteers with studio productions and provided technical support from setup through completion. Coordinated studio resources, equipment, crews, volunteers, and production training.

### Fairfax Public Access TV - Fairfax, VA

#### Member Training Specialist

Trained FPA members in television studio production and production workflows. Developed and delivered hands-on training materials and supported members as they learned to produce programming for FPA. Assisted with studio training, production preparation, and member technical support.

### Washington State University - Vancouver, WA

#### Adjunct Professor

Instructed students how to create media content for use in multiple platforms. Created hands on multi-modal educational materials for Digital Technology & Culture program.

*“Steven has amazing communication skills combined with empathy, understanding and openness for others.”*

*Joseph Hennessey  
Human Resource Consultant,  
Washington State Employment  
Security Department*

*“Steven’s contributions were instrumental in driving our company’s strategic initiatives and fostering a collaborative environment.”*

*Whytni Kernodle, CEO  
Arlington Independent Media*

*“Steven demonstrates an exceptional ability to merge media production expertise with educational leadership and inclusive program development.”*

*Megan Guardino, Paraeducator*

*“Steven has that rare combination of being extremely knowledgeable about what he does while also being able to teach it in a way that is approachable, patient, and easy to understand.”*

*Kristen Crabtree  
Paramour Paradox LLC*

## Work Experience
